

IAN COLVIN FUTURE

Speaker key

IC Ian Colvin

IC Find areas where we can improve the business. It's really as simple as that. I'm always looking for ways to innovate, be it in terms of process, in terms of capabilities or products and, you know, this is an environment, this is very open and receptive to change where people work very well together and build ideas off each other in a pretty open and positive atmosphere so as much as that continues I'm excited. I have room to grow.
