NW Neil Wilson

NW My name's Neil Wilson. I'm a National Account Controller, working in custom development in Food Solutions UK. I first started in FMCG, working in Nestlé, in their out of home business, which is their equivalent to Food Solutions. So I worked at Nestlé for about 18 months, and then moved across to Tate and Lyle Sugars. I really opened my eyes to the opportunity of FMCG, and subsequently moved, in 2006, into Unilever.
